Network & IT Consultant

I am writing to express my interest in the IT System Engineer - Productivity & Collaboration position at EasyPark Group as advertised. With a background as a Network & IT Consultant and Subject Matter Expert, I am excited about the opportunity to bring my 4 years of diverse experience to contribute to the dynamic team at EasyPark Group.

Throughout my career, I have honed a diverse skill set that encompasses both technical expertise and strong customer service capabilities. As a Subject Matter Expert at Amazon, I gained invaluable experience in providing specialized support and solutions to customers, enhancing my ability to understand and address the diverse needs of stakeholders. Additionally, my time as a Network & IT Consultant has provided me with hands-on experience in network design, implementation, and troubleshooting, further augmenting my technical proficiency.

My expertise extends to various network protocols and technologies, including TCP/IP, DNS, DHCP, VLANs, and routing protocols such as OSPF and BGP. I have a strong understanding of network infrastructure, including LAN, WAN, and WLAN configurations, as well as experience in configuring and troubleshooting routers, switches, and firewalls. Moreover, I possess knowledge of network security principles and best practices, ensuring the integrity and confidentiality of data transmissions across the network.

In addition to my networking skills, I bring a diverse range of IT skills to the table. I am proficient in Microsoft Windows and the Office suite, and have experience with LAN technologies, including CCT Routing and Switching. I am adept at configuring and troubleshooting desktops, laptops, scanners, and printers, and have conducted user training on various IT platforms and applications. Furthermore, my fluency in English allows me to communicate effectively with colleagues and stakeholders, facilitating seamless collaboration and problem-solving. With a solid foundation in telecommunication and networking principles, supplemented by practical experience and industry-recognized certifications,

I am confident in my ability to deliver excellent results and support your R&D initiatives effectively. I am enthusiastic about the opportunity to contribute to your organization's success and am eager to discuss how my qualifications align with the requirements of the role in more detail.

Currently, I reside in Sweden and pleased to inform you that I hold a Sweden residence permit, allowing me to work legally in the country
